

**Description of Location**

Fun and sun make Orlando a “hot” destination. Theme parks, water parks and the beach are some of the more popular attractions, however, there are some educational possibilities as well. Visit Cape Kennedy and be amazed close-up at the space technology. Disney’s “YES” seminars offer the group a behind the scenes tour or a swamp ride touring Orlando’s natural wildlife. All are sure to satisfy the “student” in all of us.
